The Great Western Games is a multi-sport event held biennially in north-west Queensland along the Overlander's Way between Charters Towers and Mount Isa.

The Overlander's Way will take you through architecturally rich historic towns to dinosaur centres following in the footsteps of Australia's driving heroes without even leaving the bitumen!

Athletes, officials and supporters have the opportunity to participate in this unique event whilst discovering the unspoilt beauty of Outback Queensland.

Local sporting clubs/associations in Charters Towers, Hughenden, Richmond, Cloncurry, Julia Creek and Mount Isa, have the opportunity to 'host' their sport and provide the opportunity to 'compete in the outback'.
